Best Reviews Latest Reviews Information Version pg. 1 Nick: Publisher: Kenzer and Company of the Year: 2016 Electronic (PDF, DOC, e-book, HTML, etc.) View Corrections Link Description Description Edit (en) Story Publisher's Advertisement: This Is It, the final follow-up work of the esteemed sage Greytar. On these pages he catalogues a collection of the most diverse and interesting creatures that inhabit the Kingdom of Kalamar. With the help of their fellow field researchers, they present this data to all interested readers - whether mercenaries seek to develop effective strategies to combat known enemies or magicians seeking to enhance their spelling repertoire. Only a fool will travel kingdoms devoid of this valuable material. A fruit of years of extensive travel and personal experience, Greytar presents a complete picture of each creature, incorporating sketches, personal accounts, known habitats, tracker guides, combat tactics and yield data to round up its general animal observations. User summary: Second volume in the Hacklopedia of Beasts series for the 5th edition of HackMaster. Available as an initial public release of the PDF complete with pre-orders for possible hardcover editions. Publisher Notes: The file will be gradually updated as new monsters are added and existing ones are customized based on reader feedback (and design judgments). Your purchase allows you to re-download the PDF to receive updates as the document rev'd to the final release. More information Edit History This page does not exist.
